

**ATTACHMENT B**  
*(DGI and Purchase Policy)*

**AGREEMENT FOR INTERCONNECTION AND  
PARALLEL OPERATION OF MEMBER GENERATION FACILITY**

This Interconnection Agreement ("Agreement") is made and entered into this \_\_\_\_ day of \_\_\_\_\_, 20\_\_, by Wood County Texas Electric Cooperative, Inc., ("Cooperative"), a corporation organized under the laws of Texas, and \_\_\_\_\_ ("Member"), each hereinafter sometimes referred to individually as "Party" or both referred to collectively as the "Parties." In consideration of the mutual covenants set forth herein, the Parties agree as follows:

**1. Scope of Agreement** -- This Agreement is applicable to conditions under which the Cooperative and the Member agree that one or more generating facilities (described in Exhibit A) owned by the Member of \_\_\_\_\_ kW or less, to be interconnected at \_\_\_\_\_ kV or less (the "Facility") may be interconnected to the Cooperative's electric power distribution system ("System").

The provisions of the Cooperative's Distributed Generation Interconnection and Purchase Policy (the "Policy") shall be considered to be a part of this Agreement.

**2. Interconnection Process.**

a. *Facility Review Process.* The Member acknowledges and agrees that any review or acceptance of such plans, specifications and other information by the Cooperative shall not impose any liability on the Cooperative and does not guarantee the adequacy of the Member's equipment or the Facility to perform its intended function. The Cooperative disclaims any expertise or special knowledge relating to the design or performance of generating installations and does not warrant the efficiency, cost-effectiveness, safety, durability, or reliability of such Facility.

In the event it is necessary at the time of initial interconnection or at some future time for the Cooperative to modify electric delivery systems in order to serve the Member's Facility and/or purchase or continue to purchase the output of the Member's Facility, or because the quality of the power provided by the Facility adversely affects the Cooperative's delivery system, the Member shall: (1) pay the Cooperative in advance for all costs of modifications required for the interconnection of the Facility, (2) modify the Facility as needed, or (3) disconnect the Facility from the Cooperative's system.

b. *Construction of Facilities and Interconnection.* Upon satisfactory completion of the review process and execution of required agreements as outlined in the Policy, the Cooperative will begin installation of the equipment and facilities, if any, necessary to interconnect the Facility to the Cooperative's System. After completion of interconnection requirements, and prior to initiation of service, the Cooperative will conduct a final inspection of the Facility. If the Cooperative determines that the results of the final inspection are satisfactory, as determined by the Cooperative in its sole discretion, the Cooperative will initiate service to the Member. If the results of the final review are deficient, as determined by the

Cooperative in its sole discretion, Member shall take all actions, at the Member's cost, to resolve such deficiency or withdraw it request for interconnection.

- c. **Establishment of Point of Interconnection** - The point where the electric energy first leaves the wires or facilities owned by the Cooperative and enters the wires or facilities provided by the Member is the "Point of Interconnection." Cooperative and the Member agree to interconnect the Facilities at the Point of Interconnection in accordance with the Policy relating to interconnection of the Facility (the "Rules") and as described in the attached Exhibit A. The interconnection equipment installed by the Member ("Interconnection Facilities") shall also be in accordance with the rules of the Cooperative.

**3. Quality of Service.** The Facility shall generate power at the nominal voltage of the Cooperative's system at the Member's delivery point as defined by ANSI C84.1 Range A. The Facility shall also be required to generate power at a frequency within the tolerances as defined by IEEE 1547. Member's Facility shall produce power at a minimum power factor of at least 95% or shall use power factor correction capacitors to ensure at least a 95% power factor. The Facility shall be in accordance with the power quality limits specified in IEEE 519. The overall quality of the power provided by the Facility including, but not limited to, the effects of harmonic distortion, voltage regulation, voltage flicker, switching surges and power factor, will be such that the Cooperative system is not adversely affected in any manner.

In the event that the adverse effects are caused in whole or in part by the Facility, the Cooperative may elect, in its sole discretion, (1) to require that the Member correct, within 30 days of receipt of notice from the Cooperative, the cause of such effects, or (2) elect to make the correction itself, and invoice Member for all costs associated with such correction, which Member shall pay within 30 days of receipt of the invoice.

**4. Responsibilities of Cooperative and Member for Installation, Operation and Maintenance of Facilities** - The Member will, at its own cost and expense, operate, maintain, repair, and inspect, and shall be fully responsible for, its Facilities, unless otherwise specified on Exhibit A. The Member shall conduct operations of its Facilities in compliance with all aspects of the Rules, and Cooperative shall conduct operations of its electric distribution facilities in compliance with all aspects of the Rules, or as further described and mutually agreed to in the applicable Facilities Schedule. Maintenance of Interconnection Facilities shall be performed in accordance with the applicable manufacturers' recommended maintenance schedule. The Member agrees to cause its Interconnection Facilities to be constructed in accordance with specifications equal to or better than those provided by the National Electrical Safety Code and the National Electrical Code, both codes approved by the American National Standards Institute, in effect at the time of construction.

The Member covenants and agrees to cause the design, installation, maintenance, and operation of, its Interconnection Facilities so as to reasonably minimize the likelihood of a malfunction or other disturbance, damaging or otherwise affecting or impairing the System. The Member shall comply with all applicable laws, regulations, zoning codes, building codes, safety rules and environmental restrictions applicable to the design, installation and operation of its Facilities.

Cooperative will notify the Member if there is evidence that the Facilities' operation causes disruption or deterioration of service to other Member(s) served from the System or if the

Facilities' operation causes damage to the System. The Member will notify the Cooperative of any emergency or hazardous condition or occurrence with the Member's Facilities, which could affect safe operation of the System.

**5. Safety Disconnect Switch.** The Member shall pay the full cost of the installation of a visible load break disconnect switch with specifications acceptable to the Cooperative at its sole discretion. The switch will be located so as to be readily accessible to Cooperative personnel in a location acceptable to the Cooperative. The switch shall be a type that can be secured in an open position by a lock owned by the Cooperative. If the Cooperative has locked the disconnect switch open, the Member shall not operate or close the disconnect switch. The Cooperative shall have the right to lock the switch open when, in the judgment of the Cooperative:

- (1) It is necessary to maintain safe electrical operating and/or maintenance conditions,
- (2) The Facility adversely affects the Cooperative system, or
- (3) There is a system emergency or other abnormal operating condition warranting disconnection.

The Cooperative reserves the right to operate the disconnect switch for the protection of the Cooperative system even if it affects the Member's Facility. In the event the Cooperative opens and/or closes the disconnect switch:

- (1) The Cooperative shall not be responsible for energization or restoration of parallel operation of the Facility.
- (2) The Cooperative will make reasonable efforts to notify the Member.

The Member will not bypass the disconnect switch at any time for any reason.

Signage may be required by the Cooperative at the Member's expense and located at the disconnect indicating the purpose of the switch along with contact names and numbers of both the Member and the Cooperative.

**6. Operator in Charge** - The Cooperative and the Member shall each identify an individual (by name or title) who will perform as "Operator in Charge" of the facilities and their section of the Interconnection Facilities. This individual must be familiar with this Agreement as well as provisions of other agreements and any regulations that may apply.

## **7. Limitation of Liability and Indemnification**

- a. NOTWITHSTANDING ANY OTHER PROVISION IN THIS AGREEMENT, WITH RESPECT TO THE COOPERATIVE'S PROVISION OF ELECTRIC SERVICE TO THE MEMBER AND THE SERVICES PROVIDED BY THE COOPERATIVE PURSUANT TO THIS AGREEMENT, COOPERATIVE'S LIABILITY TO THE MEMBER SHALL BE LIMITED AS SET FORTH IN THE COOPERATIVE'S TARIFFS AND TERMS AND CONDITIONS FOR ELECTRIC SERVICE, WHICH ARE INCORPORATED HEREIN BY REFERENCE.
- b. NEITHER COOPERATIVE NOR THE MEMBER SHALL BE LIABLE TO THE OTHER FOR DAMAGES, INCLUDING CONSEQUENTIAL DAMAGES, FOR

ANY ACT OR OMISSION THAT IS BEYOND SUCH PARTY'S CONTROL, INCLUDING, BUT NOT LIMITED TO, ANY EVENT THAT IS A RESULT OF AN ACT OF GOD, LABOR DISTURBANCE, ACT OF THE PUBLIC ENEMY, WAR, INSURRECTION, RIOT, FIRE, STORM, FLOOD, EXPLOSION, BREAKAGE OR ACCIDENT TO ANY PART OF THE COOPERATIVE'S SYSTEM, INCLUDING MACHINERY OR EQUIPMENT OWNED BY THE COOPERATIVE, OR A CURTAILMENT, LAW, ORDER, REGULATION OR RESTRICTION BY GOVERNMENTAL, MILITARY, OR LAWFULLY ESTABLISHED CIVILIAN AUTHORITIES. ALL OTHER PROVISIONS NOTWITHSTANDING, IN NO EVENT SHALL THE COOPERATIVE BE LIABLE TO THE MEMBER FOR ANY INTEREST, LOSS OF ANTICIPATED REVENUE, EARNINGS, PROFITS, OR INCREASED EXPENSE OF OPERATIONS, LOSS BY REASON OF SHUTDOWN OR NON-OPERATION OF MEMBER'S PREMISES OR FACILITY FOR ANY INDIRECT, INCIDENTAL, OR CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES ARISING OUT OF OR RELATED, IN WHOLE OR PART, TO THIS AGREEMENT. THE COOPERATIVE SHALL NOT BE LIABLE IN ANY EVENT FOR CONSEQUENTIAL DAMAGES.

- c. NOTWITHSTANDING PARAGRAPH 5.B OF THIS AGREEMENT, THE MEMBER SHALL ASSUME ALL LIABILITY FOR, AND SHALL INDEMNIFY COOPERATIVE FOR, ANY CLAIMS, LOSSES, COSTS, AND EXPENSES OF ANY KIND OR CHARACTER TO THE EXTENT THAT THEY RESULT FROM THE MEMBER'S NEGLIGENCE OR OTHER WRONGFUL CONDUCT IN CONNECTION WITH THE DESIGN, CONSTRUCTION OR OPERATION OF THE FACILITIES OR INTERCONNECTION FACILITIES. SUCH INDEMNITY SHALL INCLUDE, BUT IS NOT LIMITED TO, FINANCIAL RESPONSIBILITY FOR (A) MONETARY LOSSES; (B) REASONABLE COSTS AND EXPENSES OF DEFENDING AN ACTION OR CLAIM; (C) DAMAGES RELATED TO DEATH OR INJURY; (D) DAMAGES TO PROPERTY; AND (E) DAMAGES FOR THE DISRUPTION OF BUSINESS. THIS PARAGRAPH DOES NOT CREATE A LIABILITY ON THE PART OF THE MEMBER TO THE COOPERATIVE OR A THIRD PERSON, BUT REQUIRES INDEMNIFICATION WHERE SUCH LIABILITY EXISTS.
- d. THE MEMBER SHALL INDEMNIFY THE COOPERATIVE AGAINST, AND HOLD THE COOPERATIVE HARMLESS FROM, ALL CLAIMS BY THIRD PARTIES FOR BOTH INJURIES TO PERSONS, INCLUDING DEATH RESULTING THEREFROM, AND DAMAGES TO PROPERTY OCCURRING UPON THE PREMISES OWNED OR OPERATED BY THE MEMBER ARISING DIRECTLY OR INDIRECTLY FROM THE FACILITY.
- e. Cooperative and the Member shall each be responsible for the safe installation, maintenance, repair and condition of their respective lines, wires, switches, or other equipment or property on their respective sides of the Point of Interconnection. The Cooperative, while retaining the right to inspect, does not assume any duty of inspecting the Member's lines, wires, switches, or other equipment or property and will not be responsible therefore. The Member assumes all responsibility for the

electric service supplied hereunder and the facilities used in connection therewith at or beyond the Point of Interconnection.

- f. For the mutual protection of the Member and the Cooperative, only with Cooperative prior written authorization are the connections between the Cooperative's service wires and the Member's service entrance conductors to be energized.
- g. THE MEMBER ACKNOWLEDGES AND AGREES THAT ANY REVIEW OR ACCEPTANCE BY THE COOPERATIVE OF MEMBER'S PLANS, SPECIFICATIONS AND OTHER INFORMATION, SHALL NOT IMPOSE ANY LIABILITY ON THE COOPERATIVE AND DOES NOT GUARANTEE THE ADEQUACY OF THE MEMBER'S EQUIPMENT OR THE FACILITY TO PERFORM ITS INTENDED FUNCTION. THE COOPERATIVE DISCLAIMS ANY EXPERTISE OR SPECIAL KNOWLEDGE RELATING TO THE DESIGN OR PERFORMANCE OF GENERATING INSTALLATIONS AND DOES NOT WARRANT THE EFFICIENCY, COST-EFFECTIVENESS, SAFETY, DURABILITY, OR RELIABILITY OF SUCH FACILITY.

**8. Design Reviews and Inspections** - The Member shall provide to the Cooperative the following documentation and inspection results:

- a. One-Line Diagram. The diagram shall include at a minimum, all major electrical equipment that is pertinent to understanding the normal and contingency operations of the Facility's Interconnection Facilities, including generators, switches, circuit breakers, fuses, protective relays and instrument transformers.
- b. Testing Records. Testing of protection systems shall be limited to records of compliance with standard acceptance procedures and by industry standards and practices. These records shall include testing at the start of commercial operation and periodic testing thereafter.

**9. Right of Access, Equipment Installation, Removal & Inspection** - The Cooperative may send an employee, agent or contractor to the premises of the Member at any time whether before, during or after the time the Facilities first produces energy to inspect the Interconnection Facilities, and observe the Facility's installation, commissioning (including any testing), startup, and operation.

At all times Cooperative shall have access to the Member's premises for any reasonable purpose in connection with the interconnection described in this Agreement, the Rules, or to provide service to its members.

**10. Confidentiality of Information** - Unless compelled to disclose by judicial or administrative process, or by other provisions of law or as otherwise provided for in this Agreement, the Member and the Cooperative will hold in confidence any and all documents and information furnished by the other Party in connection with this Agreement.

**11. Prudent Operation and Maintenance Requirements** - The Member shall operate and maintain its generation and interconnection facilities in accordance with industry standard

prudent electrical practices. The said standards shall be those in effect at the time the Member executes an interconnection agreement with the Cooperative.

**12. Disconnection of Unit** – The Member retains the option to disconnect its Facilities from the System, provided that the Member notifies the Cooperative of its intent to disconnect by giving the Cooperative at least thirty (30) days' prior written notice. Such disconnection shall not terminate this Agreement unless the Member exercises its rights under Section 13.

The Member shall disconnect Facilities from the System upon the effective date of any termination under Section 13.

Subject to the Rules, for routine maintenance and repairs on the System, Cooperative shall provide the Member with seven (7) business days' notice of service interruption.

Cooperative shall have the right to suspend service in cases where continuance of service to the Member will endanger persons or property. During the forced outage of the System serving the Member, Cooperative shall have the right to suspend service to effect repairs on the System, but the Cooperative shall use its efforts to provide the Member with reasonable prior notice.

**13. Metering** - Metering shall be accomplished as described in the Policy.

**14. Insurance** – Insurance shall be required as described in the Policy.

**15. Effective Term and Termination Rights** - This Agreement becomes effective when executed by both Parties and shall continue in effect until terminated. This agreement may be terminated as follows: (a) the Member may terminate this Agreement at any time by giving the Cooperative sixty days' written notice; (b) Cooperative may terminate upon failure by the Member to generate energy from the Facilities in parallel within six (6) months after completion of the interconnection; (c) either Party may terminate by giving the other Party at least thirty (30) days prior written notice that the other Party is in default of any of the terms and conditions of the Agreement or the Rules or any rate schedule, tariff, regulation, contract, or policy of the Cooperative, so long as the notice specifies the basis for termination and there is opportunity to cure the default; (d) Cooperative may terminate by giving the Member at least sixty (60) days notice in the event that there is a material change in an applicable law, or any requirement of the Cooperative's wholesale electric suppliers or any transmission utility, independent system operator or regional transmission organization having responsibility for the operation of any part of the System.

**16. Dispute Resolution** - Each party agrees to attempt to resolve any and all disputes arising hereunder promptly, equitably and in good faith. If a dispute arises under this Agreement that cannot be resolved by the parties within forty-five (45) working days after written notice of the dispute, the parties agree to submit the dispute to mediation by a mutually acceptable mediator. The Parties agree to participate in good faith in the mediation for thirty (30) days. If the parties are unsuccessful in resolving their dispute through mediation, then the parties shall submit to arbitration pursuant to the Commercial Arbitration Rules of the American Arbitration Association. The venue of such arbitration shall be Quitman, Wood County, Texas.

**17. Compliance with Laws, Rules and Tariffs** - Both the Cooperative and the Member Generation Owner/Operator shall be responsible for complying with all applicable laws, rules and

regulations, zoning ordinances, building ordinances, safety rules, and environmental restrictions, including but not limited to those of regional transmission organizations and independent system operators, the laws of the state of Texas, and the Policy and Tariffs, Rules and Regulations, By-Laws and other governing documents. In the event of a conflict between this Agreement and the Policy, the Policy shall govern. The interconnection and services provided under this Agreement shall at all times be subject to the terms and conditions set forth in the tariff schedules and rules of the Cooperative as applicable to the electric service provided by the Cooperative, which tariffs and rules are hereby incorporated into this Agreement by this reference. The Cooperative shall have the right to approve changes in rates, charges, classification, service or rule, in accordance with the Cooperative's By-Laws and applicable regulations, provided, however, the Parties agree that changes to the Policy may be made upon notice to the Member.

**18. Severability** -If any portion or provision of this Agreement is held or adjudged for any reason to be invalid or illegal or unenforceable by any court of competent jurisdiction, such portion shall be deemed separate and independent, and the remainder of this Agreement shall remain in full force and effect.

**19. Amendment** - This Agreement may be amended only upon mutual agreement of the Parties, which amendment will not be effective until reduced to writing and executed by the Parties.

**20. Entirety of Agreement and Prior Agreements Superseded** - This Agreement, including the Rules and all attached Exhibits and Facilities Schedules, which are expressly made a part hereof for all purposes, constitutes the entire agreement and understanding between the Parties with regard to the interconnection of the facilities of the Parties at the Points of Interconnection expressly provided for in this Agreement. The Parties are not bound by or liable for any statement, representation, promise, inducement, understanding, or undertaking of any kind or nature (whether written or oral) with regard to the subject matter hereof not set forth or provided for herein or in the Member application, or other written information provided by the Member in compliance with the Rules. It is expressly acknowledged that the Parties may have other agreements covering other services not expressly provided for herein, which agreements are unaffected by this Agreement.

**21. Force Majeure** -For the purposes of this Agreement, a Force Majeure event is any event: that is beyond the reasonable control of the affected party; and (b) that the affected party is unable to prevent or provide against by exercising reasonable diligence, including the following events or circumstances, but only to the extent that they satisfy the preceding requirements: acts of war, public disorder, rebellion or insurrection; floods, hurricanes, earthquakes, lightning, storms or other natural calamities; explosions or fires; strikes, work stoppages or labor disputes; embargoes; and sabotage. If a Force Majeure event prevents a party from fulfilling any obligations under this agreement, such party will promptly notify the other party in writing and will keep the other party informed on a continuing basis as to the scope and duration of the Force Majeure event. The affected party will specify the circumstances of the Force Majeure event, its expected duration and the steps that the affected party is taking to mitigate the effect of the event on its performance. The affected party will be entitled to suspend or modify its performance of obligations under this Agreement but will use reasonable efforts to resume its performance as soon as possible.

**22. Assignment** - At any time during the term of this Agreement, the Member may assign this Agreement to a corporation, an entity with limited liability or an individual (the "Assignee"), provided that the Member obtains the written consent of the Cooperative in advance of the assignment. The Cooperative's consent will be based on a determination that the Assignee is financially and technically capable to assume ownership and/or operation of the Facility. The company or individual to which this Agreement is assigned will be responsible for the proper operation and maintenance of the unit, and will be bound to the terms of this Agreement.

**23. Permits, Fees and Approvals** - The Cooperative will have responsibility for the review, approval or rejection of the Facility's interconnection application. The approval process is intended to ensure that the implementation of the applicant's Facility will not adversely affect the safe and reliable operation of the Cooperative's System. The fees associated with the Application are listed in the Policy, most current fee schedule, or Rider established by the Cooperative. All fees are to be paid at time of the Application's submittal, unless other payment terms have been approved in advance by the Cooperative.

**24. Notices** - Notices given under this Agreement are deemed to have been duly delivered if hand delivered or sent by United States certified mail, return receipt requested, postage prepaid, to:

(a) If to Cooperative:

Wood County Electric Cooperative, Inc.  
Attn: System Engineer  
P.O. Box 1827  
Quitman, TX 75783

(b) If to Member Generation Owner/Operator:

\_\_\_\_\_  
  
\_\_\_\_\_  
  
\_\_\_\_\_

The above-listed names, titles, and addresses of either Party may be changed by written notification to the other, notwithstanding Section 17.

**25. Invoicing and Payment** - Invoicing and payment terms for services associated with this Agreement shall be consistent with applicable rules of the Cooperative.

**26. Limitations (No Third-Party Beneficiaries, Waiver, etc.)** - This Agreement is not intended to, and does not create, rights, remedies, or benefits of any character whatsoever in favor of any persons, corporations, associations, or entities other than the Parties, and the obligations herein assumed are solely for the use and benefit of the Parties. This Agreement may not be assigned by the Member without the prior written consent of the Cooperative as specified in Section 22. The failure of a Party to this Agreement to insist, on any occasion, upon strict performance of any provision of this Agreement will not be considered to waive the obligations, rights, or duties

imposed upon the Parties. Waiver by a Party of any default by the other Party shall not be construed as a waiver of any other default, nor shall any delay by a Party in the exercise of any right under this Agreement be considered as a waiver or relinquishment thereof.

**27. Rules of Construction.** “Hereof,” “herein,” “hereunder” and similar words refer to this Agreement in its entirety. “Or” is not necessarily exclusive. The term “including” when used in this Agreement shall be by way of example only and shall not be considered in any way to be in limitation.

**28. Mutual Negotiation.** No term of this Agreement shall be construed in favor of, or against, a Party as a consequence of one Party having had a greater role in the preparation or drafting of this Agreement, but shall be construed as if the language were mutually drafted by both Parties with full assistance of counsel.

**29. Good Faith and Fair Dealing.** The Parties shall act reasonably and in accordance with the principles of good faith and fair dealing in the performance of this Agreement.

**30. No Joint Venture.** This Agreement shall not be interpreted to create an association, joint venture, or partnership between the Parties or to impose any partnership obligation or liability upon either Party. Neither Party shall have any right, power, or authority to enter into any agreement or undertaking for, or act on behalf of, or to act as an agent or representative of, the other Party. The duties, obligations and liabilities of the Parties are intended to be several and not joint or collective

**31. Headings -** The descriptive headings of the various articles and sections of this Agreement have been inserted for convenience of reference only and are to be afforded no significance in the interpretation or construction of this Agreement.

**32. Multiple Counterparts -** This Agreement may be executed in two or more counterparts, each of which is deemed an original but all constitute one and the same instrument.

**IN WITNESS WHEREOF,** the Parties have caused this Agreement to be signed by their respective duly authorized representatives.
